English Language Arts Instructor

Qualifications:

- BA in the field of English Language Arts
- Type 9 certified (recommended, or willingness to participate in certification program)
- Basic Skills Test and Content Area Test completed
- Bilingual (Spanish and English recommended)

Job Description

English Language Arts: There are two teachers in each department that have collaborative planning time. Our school has a strong emphasis on the importance of literacy in the development of active global citizens. As a result, our instructors are expected to incorporate academically rigorous content and activities as well as relevant course material that aligns with our students' lived experience. Our school has a hydroponically based rooftop greenhouse that is a part of a larger community sustainability initiative to transform some of the health issues that our Humboldt Park community faces (e.g., diabetes, obesity, etc.). As a laboratory, the greenhouse and the community, have the potential to provide rich, hands-on instruction in any content area, and we are looking for instructors that demonstrate an interest in connecting with this initiative.
